The single case of yellow fever in Atlanta killed the patient. Refugees who expect to develop yellow fever will hereafter fight shy of Atlanta.

Dorothy Russell, the serious young daughter of Lillian Russell, the actress, inquiries: "What's the matter with the present day husband?" Most of them have more latitude than money to take care of it.

The Louisville Courier-Journal says "Theodore Roosevelt is the very child of destiny." That is what is said of every man who is in a position to do things when extraordinary opportunities stalk all around him.

We do not hesitate to denounce that Chicago inventor who has patented a car window which lady passengers can raise. Every man who travels on a train is always right there when a pretty girl begins to show signs of wanting the window put up.

At Tiflis and Baku the mobs burned millions of gallons of oil. At Baku alone 5,000 oil towers besides naptha storehouses were destroyed. The news caused Standard Oil Company shares to advance three cents. You can't down a working man.

The New Orleans States of Sunday prints the cut of a magnificent $700,000 hotel to be erected in that city by local capital. When those people show confidence in their town even in the midst of a yellow fever edidemic, it ought to be a sublime example for the balance of us.

Wonder is expressed that a German Count chased the daughter of a Sugar King three times around the world before he could get her to consent to marry him. Girls who are likely to fall heir to a pile of sugar find it mighty hard to keep the average man off her trail whether he is a count or a no account.

TYLER-CUNNINGHAM.

Popular Young People Plighted Their Troth Last Night.

Last night at 8 o'clock at the rectory of St. Thomas' Catholic church in the presence of a few intimate friends and relatives, Miss Daisy B. Tyler, the attractive young daughter of Mr. and Mrs. Thad F. Tyler, and Mr. Edwin P. Cunningham, a popular young street railway employe, were happily married in an impressive ceremony by the Rev. Father C. Dennen. The bride was attractively gowned in white silk, and was attended as maid of honor by her sister, Miss Lucy Tyler, who wore a becoming costume of blue crepe de chine. The groom was attended by his friend, Mr. J. H. Irving as best man.

Mr. and Mrs. Cunningham have many friends here, who will congratulate them upon their happy union. They will make their home at the residence of Mrs. Jane Sheehan, No. 412 South Fourth street.

ODD FELLOWS' TEMPLE.

Plans By Architect H. E. Bonitz Accepted in Goldsboro.

A long distance telephone message last night from Goldsboro stated that the plans as prepared by Architect H. E. Bonitz, of Wilmington, for the handsome new Odd Fellows' Temple to be erected in Goldsboro, had been unanimously accepted. The plans call for the erection of a handsome $15,000 structure of the Rennaissance style of architecture, providing every modern convenience and being peculiarly well adapted for lodge purposes. Work on the new building will begin at once. A number of plans by other architects were submitted in competition and it is a compliment to Mr. Bonitz that his drawings, etc., were accepted.

CAPTURED LUMBERTON ESCAPE.

John Culbreth Wanted in Robeson, Captured Here Yesterday.

Policeman Leon George yesterday morning about daybreak captured one of the last of the eleven prisoners who recently broke jail at Lumberton. The negro's name is John Culbreth and he confesses that he is one of the escapes. He was picked up by Officer George at Front and Red Cross streets and is held at the police station awaiting the arrival of an officer from Lumberton. Culbreth said that he had been up to his home some where in the country since he got away and had just come to town when he fell in the hands of the blue coat. He seems willing to return to Lumberton where he was under short sentence for some minor offence.

Death of a Boy.

Willie T. Johnson, the 13-year-old son of Mr. W. P. Johnson, No. 812 South Front street, died Monday afternoon at 4. o'clock after a brief illness with fever. The funeral was conducted from the residence at 11 o'clock yesterday morning by Rev. J. S. Crowley, paster of Immanuel Presbyerian church, and the remains were laid to rest in Bellevue Cemetery. The pallbearers were Messrs. J. E. Tindall, W. P. Burns, John Marine and Nathan Davis.

Investigated Cutting Affair.

Justice Furlong yesterday investigated the cutting affair between Owen Quince and George Newberry, negroes, at Eleventh and Market streets, Saturday night. They were each charged with an assault upon the other with a knife, Newberry having been worsted, necessitating his having to go to the hospital to be patched up. It was found, however, that he was the agressor in the difficulty and both defendants were bound to Superior Court under bonds of $50 each which they could not give and went to jail.

THE WATER WORKS COMMITTEE

Mr. Matt J. Heyer Appointed to Represent Chamber of Commerce.

President J. A. Taylor, of the Chamber of Commerce, yesterday named Mr. Matt J. Heyer as the representative from that body on the special committee to investigate the matter of a pure water supply and the practicability of the municipal ownership of a plant by the City of Wilmington. The Board of Audit has named its chairman, Mr. H. C. McQueen, to represent it on the investigation board, which will be composed of the gentlemen named and Aldermen E. F. Johnson, J. O. Brown and R. W. Price, composing the Water Committee from the Board of Aldermen.

It will be remembered that the matter of a pure water supply and municipal ownership was first brought to public attention and consideration by a resolution from Alderman Johnson, chairman of the Water Committee of his Board, asking for an appropriation of $1,000 to get expert opinion as to the practicability of a better supply and outlining a plan for municipal ownership. The proposition went over to the Board of Audit and Finance and a conference between members of that Board and the Water Committee of the Board of Aldermen was appointed and held. At that conference, it was decided to refer the whole matter of investigation into an enlarged committee composed of the Water Works Committee of the Board of Aldermen and two other members, one each to be appointed by the Board of Audit and Finance and by the Chamber of Commerce, which has now been done. The $1,000 for investigating purposes is now available and it is presumed that the special committee will get to work at once.

SUIT AGAINST POLICE CHIEF.

Summons Issued Yesterday in Interesting Claim For Damages.

Summons in the suit which G. J. Cooley has brought against Police Chief Nathan J. Williams was issued yesterday from the office of the Clerk of the Superior Court by Walter P. Gafford, Esq., one of counsel for plaintiff, who said the complaint would be drawn and filed to-day upon the return of Hon. Jno. D. Bellamy, who is associated with him in the case. The suit is brought in forma pauperis and, it is understood, the complaint will allege false arrest and imprisonment. Mr. Gafford had not decided yesterday the amount of damages that would be asked.

The circumstances of the case are well remembered by readers of the city papers. Cooley was arrested first on a telegram asking that a State warrant be made out for him on a charge of obtaining money under false pretence in Kansas City, as "Prof. Harrington." The Kansas City authorities abandoned the case and Cooley was discharged. Then the Kalamazoo, Mich., authorities took the matter up and Cooley was arrested again upon a warrant sworn out before the Mayor by one of the hall officers upon information and belief obtained from the telegram. The Kalamazoo parties came to identify both Cooley and his wife, but the identification failed. He and his wife were detained at the station house two nights and a day.

MR. G. A. CROFT RETURNED.

Commissioner From North Carolina to Lewis & Clark Exposition.

Mr. George A. Croft, commissioner from the State of North Carolina to the Lewis and Clark Exposition at Portland, Oregon, returned yesterday after having been away since August 31st. Mr. Croft ably represented the State at the big Pacific Coast show as is evidenced from a number of newspaper clippings, which have found their way back to North Carolina, giving an account of his having preached the resources of the South in general and North Carolina in particular to the hundreds of prominent people with whom he came in contact in that great National gathering.

It was Mr. Croft's first visit to the Pacific Coast in 18 years and he says the development of that country has been phenomenal. He was especially impressed with the growth of Seattle, Wash., which had grown from almost a village to a very large city since he was last there.

Mr. Croft travelled 9,500 miles on the trip and says he enjoyed it very much. The personally conducted Seaboard Air Line party will be home later, Mr. Croft says, though they are likely to encounter much trouble with the strict quarantine around Memphis before they return.

UPON THREE CHARGES.

Hartsfield Crandall Indicted Thrice By Ed. Littleton.

Hartsfield Crandall and Ed. Littleton, both well known white men of the southern part of the city, are parties to an interesting criminal action started in Justice Bornemann's court yesterday and transferred by affidavit of removal to Justice Furlong's court. Littleton is the prosecutor in the case and is represented by Herbert McClammy and Walter P. Gafford, Esqs. He charges Crandall with forcible trespass, disorderly conduct and would have him held under bond to keep the peace. The defendant is represented by Wm. J. Bellamy and Woodus Kellam, Esqs., and the case is set for a hearing before Justice Furlong Thursday at 3 P. M. Crandall was recognized for his appearance at that time.

Mr. Jackson Appointed.

Mr. Geo. C. Jackson, of this city, has received official notice from Head Consul W. H. Fairless of his appointment as Head Adviser of Jurisdiction "L," Woodmen of the World, embracing the States of North Carolina, Virginia, West Virginia, Maryland, Delaware and the District of Columbia. Mr. Jackson has long been an enthusiastic member of the order, and is high in the councils of the fraternity. His appointment will give universal satisfaction.

FIRED FIVE TIMES

Jealous Darktown Lover Emptied Revolver at His Ebony-Hued Rival

THREE SHOTS TOOK EFFECT

Two Grazed His Head, Third Struck Him in Hip—Arrest of Negro for Reckless Shooting in Streets—Hospital.

Seated on the porch "entertaining a couple of lady friends," as he explained to the hospital attendants afterwards, John Phillips, a sleek black individual of some 23 years experience in the vicissitudes of this life, was fired upon five times by a jealous rival last night about 11:30 o'clock at the house of one of the "ladies" he was entertaining at Seventh and Campbell streets. It was an exceedingly close call for Phillips, for two of the bullets laid wide the scalp on the top of his head as they went a little high of the aim and a third buried itself in the fleshy part of the hip.

The ambulance was summoned soon after the shooting and the injured man was transferred to the hospital. Dr. Akerman said the scalp wounds appeared rather more like those of a razor, though they may have been inflicted by a pistol. The wound in the hip is not dangerous and, as a whole, the negro will recover, if nothing unforeseen develops. He appeared very much alarmed and was of the opinion that there were more than one in the party, who attacked him.

The policeman on the beat heard the firing and ran up to the house. The occupants of the house appeared to be respectable colored people, but were so badly frightened that they could give no connected account of what had happened. When the firing began they were precipitate in their flight and turned over chairs and everything else in sight in their endeavor to get out of range of the attacking party.

The shooting had many amusing features in it for everybody except the victim who will probably be laid up for some time as the result of his injuries.

Phillips says he thinks he knows the parties who attacked him when he sees them but does not know their names.

Soon after the affair at Seventh and Campbell last night, Policeman Leon George got in close pursuit of a negro employed at the Independent Ice Company, whom the officer saw indulging in some reckless shooting in the street. The negro ran like a deer. A squad of Naval Reserves, returning from their regular weekly drill at the armory down town, happened to be passing and joined in the pursuit. The sight of the military uniform was too much for the negro in view of recent developments in that section of the city and he nearly went into hysterics after being caught and while waiting for the patrol wagon to come. If the negro had a pistol, he threw it away during the chase, for nothing was found on him by the officer after being caught. Whether he was implicated in the Seventh and Campbell street shooting, the police are now endeavoring to find out.

WALKER MEMORIAL HOSPITAL.

Monthly Report of Superintendent—Laundry Machinery Has Arrived.

The regular monthly meeting of the Board of Managers of the James Walker Memorial Hospital was not held last night on account of the lack of a quorum. However, the regular monthly report of Dr. Jos. Akerman, the superintendent, was made public. It shows 68 admissions to the hospital during August and a total of 1,328 days of treatment. In the outpatient department there were 41 admissions and 260 dressings were furnished. The ambulance responded to 52 calls.

The machinery for the new laundry has arrived and is now being placed on the ground, awaiting a man from the factory to install the plant. The laundry will cost $1,400 and thus far a fund of only $100 has been secured to meet the expense. The hospital managers desire to further appeal to the public for contributions to this worthy object. The laundry is a necessity, especially in Winter, and the authorities of the hospital are very hopeful that the public will respond to the appeal.

FRANK KIRKHAM'S DEATH.

Funeral in Florence This Morning—The Corner's Inquest.

Young Frank Kirkham, the Wilmington boy who lost his life by being caught in a live wire and falling from a telephone pole in Florence, S. C., Monday, will be buried there this morning after services in the Episcopal church. The Florence Times of yesterday afternoon in its account of the accident says:

"The accident was much discussed on the streets last night and today and there is indignation expressed at the negligence of the electric company in not having their wires properly insulated, the city council is receiving its share of condemnation for permitting such a dangerous state of affairs to exist.

"Coroner Cooper empaneled a jury and held an inquest at 10 o'clock this morning. The verdict was that the deceased came to his death from a fall from a telephone pole after coming in contact with a live electric wire of the Carolina Light and Power Company."

Abused Sanitary Officer.

Ben Jordan, colored, charged with cursing and abusing Mr. Isaiah West, a collector in the sanitary department, was fined $5 and costs by Justice Bornemann yesterday. Jordan lives on Dawson, between Eleventh and Twelfth streets, and the offence was committed while Mr. West was there on some business connected with the sanitary department.

ALDERMAN KARR BACK.

Heard Alarming Reports in New York of Race Trouble Here.

Alderman J. A. Karr returned yesterday from a trip of a few days to his old home in New York. Mr. Karr said he enjoyed his trip very much but was somewhat disturbed by sensational stories in some of the yellow sheets of New York, which carried big stories of a race riot in Wilmington, the basis for the alarming newspaper reports having been the little excitement at Fifth and Harnett streets last night a week ago. Soon after his arrival Chief Williams informed Mr. Karr, who is chairman of the Police Committee, that, in view of the distorted reports of his conduct upon that occasion, he desired a full investigation of the affair. Mr. Karr said the committee would probably be called together in a day or two to consider the matttr.

THE FIRST COTTON CARGO.

Tolosa Sails This Morning for Liverpool—Capt. Holttum's Farewell.

The British steamer Tolosa, Capt. C. H. Holttum, will sail "bright and early" (if it doesn't continue to rain), this morning for Liverpool, England, carrying the first cargo of cotton from Wilmington this season for foreign export. The cargo consists of 10,482 bales and was taken aboard the ship in less than a week, the Tolosa having arrived here only last Wednesday. Capt. Holttum, the jolly master of the steamer, had hoped for a much longer stay in port, but has every assurance that he will return again very shortly. To all of his friends he desires to say that in the hurry of the trip he may not have had an opportunity to call upon all and he asks to be kindly remembered to each and every one with now a fond "Adieu."

Bazaar by Light Infantry.

The W. L. I. is preparing to give an elaborate bazaar for three days on the lawn of its armory on Market street, the proceeds to be devoted to a liquidation of the company's building debt. The ladies will be asked to assist and the date of the event will be early next month. The following Central Executive Committee has been appointed to make the general arrangements: Second Lieutenant Thos. R. Orrell, chairman. Capt. W. F. Robertson, First Lieutenant J. McRee Hatch, Sergeant George Davis, Corporal Thos. Gause and Privates L. B. McKoy and Fred Bancks.

Must Repair Sidewalks.

The Mayor is issuing notices to all property owners concerned that where sidewalks in front of their premises are in bad order they must be repaired at once under penalty of the new law passed by the last Legislature. If the warnings are not heeded, it is given out that the city will have the work done on its own account and the expense thereof will be charged against and will be a lien upon the property.

PRIVATE CAR LINES NOT COMMON CARRIERS.

The investigation into charges of discrimination made against the private car lines, recently begun before the Inter-State Commerce Commission at Washington, has raised an interesting point. The question is whether they are common carriers and thus are under the jurisdiction of the Inter State Commerce Commission, and whether the inter-State commerce laws of the United States, for regulating traffic betwen the States, can be applied to the private car companies.

The principal private car owners represented at the recent hearing were the Santa Fe Refrigerator Dispatch and the Armour Car Lines. The former does business out West, and so do the Armour Lines, but the latter come in for especial attention in North Carolina as these Armour refrigerator cars are used exclusively in handling the strawberry and truck shipments of this region. What is to be done about it, or what can be done about it, is of vital interest to this section.

The Armour Line, for instance, denies that it is a common carrier. The fact is that the refrigerator lines are companies which own a large number of patented refrigerator cars which they lease or let under various contracts to the railroads. They have no roads of their own and hence get out on the plea that they are not the carriers under the meaning of the law. The New York Journal of Commerce, which has an able legal staff is inclined to believe that the Private Car Lines will sustain their position. It says:

"The response of the Santa Fe Refrigerator Dispatch and the Armour Car Lines to the charges of the Interstate Commerce Commission is precisely what was to be expected. They are not common carriers, they have nothing to do with the transportation of commodities or the rates charged and collected therefor, they do not act in any sense as agents of the railroads which use their cars. They rent their cars to the railroad companies for so much a mile run and have nothing to do with their operation, and their business with shippers is confined exclusively to iceing cars at local points and refrigerating contents when asked to do so 'under and by virtue of private contracts between themselves and the shippers. They deny charging unjust or unreasonable rates or higher rates to one shipper than to another, but that is irrelevant to the main plea, for the Armour Car Lines Company 'avers that this honorable commission has no jurisdiction over it or its said business, or the refrigeration rates made, charged and collected by it, or to inquire into or pass upon the same, and therefore objects to its proceeding in the premises.' This is equivalent to saying 'not guilty, but it is none of your business. What are you going to do about it?'

"It is probable that this technical plea is one that would be judicially sustained, so far as the Inter-State Commerce Act is concerned. The companies which supply these refrigerator cars and provide for regulating their temperature would probably not be held to be common carriers, whether or not their business might be construed as inter-state commerce. Even the latter is not likely unless that character is given to it by the contracts with railroads for using the cars. The charges for refrigerating the contents at points of shipment and iceing at local points on the way would surely not be considered as charges for carrying, and probably not as charges for a service that could be regarded as commerce 'among the several States' in which it might be performed. In any case the application of the Inter-State Commerce Act and the jurisdiction of the commission are extremely doubtful. What, then, can be done about it? Perhaps nothing under existing law by proceedings against the car companies. If they are to be directly dealt with it may require special legislation.

"But how about the railroads. They are subject to the law and within the jurisdiction of the commission. Are they not bound to receive and transport commodities that require specially equipped cars for their safe and proper transportation and delivery? Are they not under obligation to provide the equipment necessary for carrying these commodities, whether by hiring or by owning it themselves; and, however, it may be provided, are they not to be held responsible for the charges for transportation being just and reasonable and not discrimnatory, including in such charges whatever is necessary for keeping the commodities in transit in a safe and sound condition for delivery at destination? That would seem to be the logical deduction from the duties and obligations of common carriers and the requirements of the law. Perhaps the solution of this difficulty lies in the complete elimination of the private car companies and the performance of all the work pertaining to the transportation of the commodities by the railroads themselves."

The refrigerator lines, it seems, have nothing to do with the freight charges and the railroads have nothing to do with the refrigeration of the cars. Of course, the investigation leads up to special legislation.

CURRENT COMMENT.

—The row at Atlanta between the city and State Health authorities serves to emphasize the necessity for general Federal supervision of quarantines.—Norfolk Landmark.

—Secretary Wilson says the great investigation in the agricultural dement will not permit him to take a vacation. A lot of the Southern cotton growers intimate that he has just awakened from a long vacation.—Atlanta Journal.

—With delicate regard for Russia's easily wounded pride, the Japanese are renaming the Russian warships as fast as they raise them at Port Arthur. We Americans had not so much regard for Spanish pride. The few war vessels that we acquired in 1898 are carried in the American naval register under their original Spanish names—Savannah Morning News.

—One of our friends who has been traveling in Europe sends us a Belgian paper's account of the recent railroad accident at Bruce's Station, on the Atlantic Coast Line. The account is taken word for word from The Landmark. We may be pardoned for saying that the Belgian Star, of Brussels, showed good judgment in selecting its source of information.—Norfolk Landmark.

—The most execrable and dangerous application of political power is that invested in incompetent and dishonest leaders. The former help strengthen their parties, help the people to govern themselves well, and facilitate the manly performance of official duties. The latter, in the long run, help to disintegrate parties by evidence of low selfishness, a tryannical assumption of power, and the utilization of their influence for personal and dishonest gain.—Bucks County, Pa., News.

—"The dispensary investigation has unearthed some political secrets, as it was inevitable it should, for the dispensary is a political machine. It has been shown that the high officials of the dispensary passed the word around to the sub-agents as to how they should vote in State elections and some engaged in active canvass for certain candidates. There is nothing surprising in this, but it is well to have it on the record against the vehement protestations of the dispensary's chief supporters that the system is not engaged in politics."—Charleston Post (Dem.)

—"Since the beginning of the war Japan has increased her debt from about $290,000,000 to $981,000,000, but of this amount she has on hand perhaps as much as $175,000,000 unexpended. In the same time Russia's debt has increased from $3,282,000,000 to about $3,700,000,000. Japan will probably receive about $100,000,000 from Russia in payment for the maintenance of prisoners of war, and Russia must also borrow money for her immediate needs at home. Japan, therefore, seems to come out of the war in better financial condition than Russia, in spite of the latter country's vastly greater resources."—Hartford Curant.

THE COTTON MARKET.

New York, Sept. 12.—The cotton market was nervous and unsettled with trading moderatively active. Fluctuations were irregular and comparatively narrow, but prices made a new low record for the current movement and closed within a point or two or the bottom at a net decline of 4 to 10 points. Sales were estimated at 350,000 bales. The opening was steady at unchanged prices to a decline of 2 points which was better than due on a very weak set of cables but as soon as the initial covering subsided the market weakened under liberal selling of October supposed to be against spot supplies in the South, scattering liquidation and aggressive selling of the Winter months by leading local traders. After working off to 10.25 for October and 10.37 for January the market was rallied to within a couple of points of last night's finals by covering but eased off again in the afternoon under reports of easier Southern spot markets and continued free offering. It could not be seen that the Wall street bull pool in October was liquidating but rumors were circulating regarding its position and while the official tone at the close was steady, sentiment was badly confused. The weekly weather report was about a stand off and had no influence on the market.

Spot closed quiet 10 points lower. Middling uplands, 10.65; middling gulf, 10.90; sales 305 bales.

SPIRITS TURPENTINE.

—An unknown person shot into the first class car of No. 12 as it passed the main crossing at High Point on Monday night. The bullet crashed through a window pane just over the heads of passengers. The conductor notified Superintendent Coopenbus, who sent Detective Ahren to investigate the matter.

Prohibition was carried in Littleton on Monday by a majority of 113. The vote was as follows: Prohibition, 135; dispensary, 22; saloons, none. Everything passed off quietly. The battle had been fought and practically won during the preceding week. At times it waxed exceedingly warm, but little or no bitterness was engendered.

—Late Monday afternoon there was arraigned in the Goldsboro police court a negro woman, charged with selling whiskey to two white boys. It developed that the woman Lou Hayes had sold the boys whiskey Sunday, and they became drunk upon the streets. She was bound over to court in a $200 justified bond, which she could not give and was locked up.

—Salisbury Post: Mrs. E. R. Overman, who has been seriously ill for the past two weeks, is greatly improved though still unable to leave her bed. Mrs. Overman is peculiarly afflicted, her prostration being due to the sting of a mosquito. For a time it was feared blood poisoning would result, and it is against this possibility that the attending physicians have been fighting.

—Raleigh News and Observer: The investigation into the matter charged by Alderman J. S. Upchurch against the dispensary, was to have been begun yesterday afternoon, but at the request of Mr. Upchurch was postponed till Wednesday afternoon, as it was stated by him that he was not at present ready with witnesses whom he desired to have in attendance. The committee acceded to his request and the investigation will begin Wednesday afternoon.

—At Kinston some one entered the store kept by M. Goldstein some time Sunday and opening the safe, working the combination, extracted about $500 in cash, leaving $95 in gold, $100 in $1 and $2 bills and quite a few dollars in silver specie. The robber unlocked two locks on the side door to the place, worked the combination to the safe, unlocked the inner drawer, took what he wanted, relocked all the locks, turned the combination back and left. There was not the slightest injury to any of the locks. On the same day a thief entered the restaurant of E. P. Phillips and stole $28.

—A dispatch from High Plint says: The Burning Bush street preachers have been arrested here again and refusing to give bond 'Squire W. E. Johns, before whom the case was tried, committed two of them to jail. Mr. Ragsdale and wife. Citizens of the town who were greatly annoyed the entire summer by their screaming, beating of pans and other uproarious noise sued out a writ against them. These are the same people who cut such a wide swath in court here sometime ago, and who were finally released. They refused positively and stubbornly to desist from their unbearable noise, and also to give bond.

—Prof. Charles Olsen, of Chicago, who is to meet Prof. Ono, the Jap, on the mat at the Grand opera house in Asheville Friday evening, believes he is going to win the bout and is willing to back this belief with the 'long green." Mr. Olsen has arrived in Asheville with a "roll." He is looking for the best bets going, but according to a story told Saturday night, he would in a pinch give odds on himself. Mr. Olsen returned to Hot Springs Saturday afternoon and after purchasing a round trip ticket, placed a roll of money in the hands of a firm with instructions to place it. "Get odds if you can," said Mr. Olsen, "and if you can't, then bet even. If you can't get even money, why give odds, but bet the money."

—A dispatch from Newbern on Monday says: It is understood that on Saturday here Colonel W. B. Rodman, a representative in this case of the Virginia and Carolina railway, made a proposition to the directors of the Pamlico, Oriental and Western Railway which was unanimously accepted by the board and by which the road passes under new management. The intention of the parties taking control is to push the road to completion. At present only 20 miles of the 52 projected is finished. Laborers are expected to arrive very quickly to continue the work which at present is at a standstill. In view of Col Rodman's connection with the transaction, it is believed that the Southern Railway is behind him and that not far in the rear are the interests of Morgan and Rockefeller.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor; why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney disease cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Wilmington testimony:

B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pain in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Roan's Kidney Pills recommended I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee.

Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

DON'TS 3 (Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.)

(Lion-head on every package.)

(Save these Lion-heads for valuable premiums.)

DEPARTING HONORS FOR RUSSIAN DIPLOMATS

Mr. Witte Sailed for Home—Had a Good Word for United States and Press.

By Wire to The Morning Star.

New York, September 12.—The Russian commissioners who successfully concluded a treaty of peace with the envoys of Japan at Portsmouth, N. H., started out for the return to St. Petersburg to-day, sailing on the Kaiser Wilhelm II. Before leaving the city, Mr. Witte and Baron Rosen made a farewell call upon the Japanese diplomats. Baron Komura was unable to see the Russians because of his illness, but through Minister Takahira he sent them a cordial message of farewell.

A big crowd had gathered at the dock of the Kaiser Wilhelm in Hoboken to see Mr. Witte and there was much cheering and hand clapping as he went up the gang plank to which he bowed acknowledgements. He received the newspaper men cordially in his rooms on board the steamer, and through Baron Rosen made a statement to those whom he had met, thanking them and saying that never in his life before "had it been so forcibly impressed upon him that the pen is greater than the sword." He then shook hands with all of them and said good-bye.

Shortly before the ship sailed Major Lynch, of the United Societies of New York, and forty members of the Irish Club of New York, were received by Mr. Witte. Each member of the Irish Club presented to the peace envoys tiny Russian, American and Irish flags. Major Lynch said to Mr. Witte:

"We take the opportunity of thanking a country which has been a friend of our adopted country in time of need."

Before Mr. Witte left his hotel for the steamer to-day he had a conference with Isaac N. Seligman and Oscar Strauss, of this city, and Adolph Krause, of Chicago. Mr. Seligman said after the conference:

"Mr. Witte allowed us to foresee the emancipation of the Jews in Russia, and their participation in the government of the Empire in the same degree and proportion that other Russian subjects are allowed to participate. Mr. Witte made no official pledges engaging his government. He spoke for himself as an individual, but it is well known that while at present he is not in power, he soon will be. With him at the helm, the Jews in Russia will enjoy civic and national recognition. We have Mr. Witte's word for it that so far as he himself may be able, everything will be done to give to the Jews of Russia their full constitutional rights. Discrimination prejudical to them, the injustice of which he admits freely, will be ended, and they will be placed on an equal footing with the rest of the Emperor's subjects."

Mr. Seligman was asked if the subject of a loan to Russia, to be made by a syndicate of Jewish financiers had been broached, but he replied in the negative:

"The matter of a loan," said he, "was not even suggested."

THE RALEIGH DISPENSARY.

Mandamus to Call Election—Dewey Case in Supreme Court.

(Special Star Telegram.)

Raleigh, N. C., September 12.—Application was made to-day to Judge Allen at Smithfield for a mandamus compelling the Raleigh aldermen to call an election on the "Dispensary" or "Open Saloon" and a hearing is set for September 25th before Judge Justice, who will convene court in this city at that date.

In the Supreme Court to-day the appeal of Thos. W. Dewey, sentenced to six years in the penitentiary for defalcations while cashier of the Merchants' and Farmers' Bank at Newbern, was heard. Arguments in behalf of the State were by Attorney General R. D. Gilmer, W. W. Clark and D. L. Ward and for the defense by ex-Governor C. B. Aycock, Col. P. M. Pearsall, and A. D. Ward. No question of fact is disputed. The appeal is based entirely on the right of the lower court to proceed with the trial when an appeal from a former motion in the case was pending in the Supreme Court already, and on an exception of the charge of the trial Judge in that he failed to write all of the charge.

GOVERNMENT CROP REPORT.

Condition of Cotton Very Little Improved Over Last Week.

By Wire to The Morning Star.

Washington, Sept. 12.—The weekly crop bulletin of the Weather Bureau says:

In the Carolinas the cotton section is not materially changed as compared with that of the previous week. In South Carolina a slight improvement is indicated in localities and deterioration in others, the plant having stopped growing on sandy lands, but continues green and is fruiting on clay soils. Slight improvement is reported from Alabama and portions of Louisiana and Texas, but in Florida, Georgia, Tennessee, Missouri, Oklahoma, Indian Territory, Arkansas and the greater part of Texas there has been more or less deterioration, with slight improvement over scattered areas. Boll weevils and other pests are increasing in portions of Texas. Generally the weather conditions throughout the belt have been highly favorable for picking which work has been actively carried on.

In the Middle Atlantic States, New England and the Ohio Valley the cutting and housing of tobacco have progressed under favorable conditions, this work being about half finished in Kentucky, nearly completed in Maryland, Virginia and Tennessee and completed in North Carolina.

In New York yesterday the dry-goods market was less active, but every thing pointed to continued firmness, which, however, did not show any decreased desire on the part of buyers to operate. Delays in deliveries were still complained of. Although, a slight improvement was noted in this direction, yet the buyers found it difficult to obtain spot goods.

MIDNIGHT HORROR FOR JAP NAVY

Admiral Togo's Historic Flagship Mikasa Burned and Magazine Exploded Sunday

LOSS OF 599 LIVES REPORTED

Many of Men Belonged to Other Ships Who Went to Rescue—Admiral Togo Was Not on Board—Japan in Gloom.

By Wire to The Morning Star.

Tokio, Sept. 12.—2 P. M.—The Navy Department announced that the battleship Mikasa has been destroyed by fire and the explosion of her magazine, causing the loss of 599 lives including men of other ships who went to the rescue. The fire started from an unknown cause at midnight on Sunday night, September 10. Before the officers could be rescued the fire reached the aft magazine which exploded, blowing a hole in the port side of the vessel below the water line and causing the ship to sink. An investigation is now being held to determine the cause of the fire.

Admiral Togo is Safe.

Tokio, Sept. 12.—6 P. M.—Admiral Togo was not on board the Mikasa when the disaster to the battleship occurred. The disaster has cast a gloom everywhere. The Mikasa was Togo's flagship and was endeared to the hearts of the people. The ship was at anchor in Sasebo harbor when the fire started at the base of the main mast at midnight. It spread with great rapidity, exploding the after magazine an hour after the fire had been discovered. The Mikasa sank in shallow water and it is believed the ship can be repaired. Rescuing parties were sent from the various warships in the harbor and there was heavy casualties among them. Various conjectures are current as to the cause of the fire. Some attribute it to an overcharge of electricity. Great relief was felt throughout Japan when it was learned that Admiral Togo was not on board the ship at the time of the accident.

The Mikasa was a first-class battleship of 15,200 tons displacement. She was built in England and was launched in 1902. The battleship was 400 feet long, had a speed of over 18 knots and carried a crew of 935 officers and men. She was heavily armored and carried four twelve inch guns, fourteen six inch guns, twenty twelve pounders and a number of small and rapid fire guns. She had four submerged torpedo tubes.

In the battle of the Sea of Japan the Mikasa was the heaviest loser of all the Japanese ships, having sixty-three killed and wounded. She approached nearer to the Russians than any other battleship. The Mikasa was also flagship of Admiral Togo after the great naval battle fought off Port Arthur on August 10, 1904, on which occasion the Japanese flagship also suffered the most but continued in the fighting line. On that occasion the Mikasa had four officers and twenty-nine men killed, six officers and twenty-nine men severely wounded and four officers and twenty-nine men slightly wounded.

BRYAN IN CHICAGO.

Disclaims at Banquet That He is Presidential Candidate.

By Wire to The Morning Star.

Chicago, September 12.—"I want to make my position perfectly clear; I want to say to you that not only am I not annunocing a candidacy but I am not permitting a candidacy."

In these words William Jennings Bryan administered a check to the enthusiasm which, at the Jefferson Club banquet given tonight in Mr. Bryan's honor, greeted the speeches advocating his nomination for the third time for President.

"I am not now," said Mr. Bryan, "a candidate for any office. I have never said that I would never again be a candidate for office but I want to say now that talk of candidacy for office does not affect me as it once did.

"I believe that my place in history will be determined not by what the people are able to do for me but by what I am able to do for thepeople. (Applause and cheers).

"I think it is now too soon to choose a candidate for President to make the race three years from now; it is too early to pledge ourself to any one man. I trust that before the time comes to name a man for the next presidental race light may be thrown upon our party's pathway and that a man may be chosen who will be able to do for the party more than I have yet been able to do."

POT OF GOLD UNEARTHED.

Strange Story from Chesterfield County About Rich Treasure.

By Wire to The Morning Star

Charlotte, N. C., September 12.—An iron pot containing $50,000 in gold coin, the newest of which was 115 years old, was found on the farm of James Rivers, near Chesterfield, S. C., by Tyler Teal, a white laborer, and Will Edwards, a negro, according to the stold told by Eawards, while engaged recently in digging a ditch. The pot was carried to a point two miles away and buried near a creek bank. When two days later the finder went after the pot, it had mysteriously disappeared. The negro charges that the white man has appropriated the money and has hidden it from him, while Teal declared that the story is all a joke, and no pot was unearthed, Edwards, however, sticks to his story. Detective J. D. Evans, who has associated with him one of the best known detectives in the South, who were employed by the negro, and who have since been working on the case, says that they secured evidence confirming the discovery of the hidden wealth, but thus far no trace of the gold has been found.

Vice President and General Manager W. H. Pleasants, General Freight Agents E. R. Richardson and Port Agent George C. Savage, of the Ocean Steamship Company, yesterday had a conference at Savannah with prominent representatives of the lumber trade upon the question of rates to New York on lumber shipments. The company had given notice of a change in the basis of rates from measurements to weight. Owing to the showing of the lumber men that weight per foot is a decided variant, the officials agreed to maintain the old basis of $6.25 ($7.00 when lightered) per 1,000 feet.

YELLOW FEVER RECORD YESTERDAY

New Orleans Total is 2,370 Cases and 319 Deaths To Date—Serious In Country.

By Wire to The Morning Star.

New Orleans, Sept. 12.—The following is the official report of the yellow fever record up to 6 P. M. today:

New cases to-day, 43; total cases to date, 2,370.

Deaths today, 3; total deaths to date, 319.

New foci, 12.

Cases under treatment, 314.

Cases discharged, 1,737.

The only name on the list of new cases today that is of special note, is that of H. S. Douglas, a United States civil engineer who is stationed at the mouth of the river supervising certain work in progress there.

Mayor Behrman, was in receipt today of a letter of sympathy from a committee of citizens of the Isle of Pines. The committee tendered the use of the island to all citizens of the city who might wish to flee from the plague. It was suggested that a steamer might be chartered to transport the refugees and the committee wrote also so that yellow fever had never prevailed on the island. Mayor Behrman, acknowledging the tender of the committee, said that the crisis had passed here so that there was no longer any necessity for citizens to leave New Orleans.

Appeals continue to come to the Governor and State Board of Health from the country for assistance. Leeville has been in need of help and Governor Blanchard is to send money there while the wholesale merchants here have contributed a carload of provisions. Tallulah is despondent but Dr. Chassaignac and a staff of nurses reached there today. People continue to leave Lake Providence. Four new cases of fever have appeared at LaFourche Crossing. The Patterson situation is still serious and the community is completely out of funds

President Sanders of the Progressive Union announced today that while he was in New York he communicated with Secretary Loeb and learned that President Roosevelt had not cancelled his engagement to visit New Orleans in October.

Tulane University and Newcomb college which were to have been opened on the Second of October have announced a postponement until November.

Case in Michigan.

Memominee, Mich., Sept. 12.—Health officials announced today that John Howe, of Marinett, who is ill at his home after a sojourn in the South, is suffering from yellow fever. The patient probably will recover. Physicians declare that there is no danger of infection.

Encouraging at Pensacola.

Pensacola, Fla., Sept. 12.—When physicians in the empoly of the State Board of health reported tonight, it showed that another day had passed without a new case of yellow fever. One death occurred in the forenoon, that of a Russian peddler, whose demise was caused as much from exposure as the fever. The officials think the situation is more encouraging tonight than it has been since the outbreak. There are a number of doubtful cases under surveillance.

To Protect Georgia.

Atlanta, Ga., Sept. 12.—Georgia's State Board of Health to-day issued two comprehensive orders relating to the protection of the State from the possibility of infection from yellow fever. These orders are the folowing:

"The Georgia State Board of Health hereby orders that all railroads and steamboat companies, operating in the State of Georgia, shall notify their ticket agents as well as those of connecting lines, not to sell a railroad ticket to any point in Georgia from infected territory except to those persons having a properly certified certificate that such person has not been in area infected with yellow fever for ten days.

Order No. 2 says: "The Georgia State Board of Health hereby orders that all railroads operating in Georgia shall provide separate coaches for their through passengers coming from territories infected with yellow fever."

Condition in Mississippi.

Jackson, Miss., Sept. 12.—The Mississippi yellow fever summary to-night is as follows: Mississippi City six new cases. Gulfport, one new case. Natchez, one new case and one new foci near original infected area. Vicksburg, one new case. No new infected points have been reported in the State.

TARTAR FIENDS MAKE HOLY WAR

Massacring Amenians Without Distinction of Sex or Age, Hundreds Are Slain

CHILDREN THROWN TO DOGS

Horrible Condition of Affairs That Calls for Prompt Action by Russia —On Other Hand Cossacks Slay Socialist Democrats.

By Cable to The Morning Star.

St. Petersburg, September 12.—A holy war has been proclaimed in the Caucasian district of Zangezur and Jebrail where Tartars are massacreing the Armenians without distinction of sex or age. The country is swarming with bands of Tartars under the leadership of their chiefs. Many thousands of Tartar horsemen have crossed the Perso-Russian frontier and joined the insurgents in destroying Armenian villages. At the village of Minkend, three hundred Armenians were slaughtered. Dispatches say that mutilated children were thrown to the dogs and that the few survivors were forced to embrace Islamism in order to save their lives.

Cossacks Slaying Socialists.

Tiflis, Caucasus, September 12.—Many Social Democrats were killed or wounded at 10 o'clock last night in a conflict with Cossacks at the town hall and many were trampled to death in a subsequent panic. Two thousand Social Democrats had forced an entrance into the town hall which was closed owing to the celebration of a religious holiday, the Beheading of John The Baptist. Revolutionary speeches were made and the chief of police ordered the meeting to disperse. Part of those present obeyed, but the remainder refused and some revolvers were fired A large force of Cossacks drawn up outside the building then fired a volley into the crowd time and time again, killing thirty and wounding upwards of seventy. In the ensuing panic, many persons fell and were trampled to death by their comrades, and the pursuing Cossacks.

According to the official account, the crowd was roughly handled by the commissary police, whereupon the third company of the Poltava regiment was summoned. The commander of the company ordered the demonstrators to disperse, promising not to arrest them if they obeyed. Shots were then fired on the Cossacks not only from the town hall, but from the court yard and the street. A number of rioters assembled in a neighboring house, broke through a wall leading to the hall and opened fire with revolvers on the Cossacks and police, wounding a Cossack and a policeman. The cossacks thereupon fired on the rioters. Official figures give the casualties as twenty-three killed and fifty wounded.

SOUTHERN TO SPEND $2,000,000.

Big Contract Awarded in Washington Yesterday—Double Tracks.

By Wire to The Morning Star.

Washington, September 12.—The Southern Railway has awarded to the firm of Sands & Oliver, railroad contractors, of Roanoke, Va., a million dollar contract, which with others let during the past six months, makes a total of $2,000,000, which that road proposes to spend and is already spending on important and far-reaching improvements on the Southern lines of road.

The contract awarded to the Roanoke firm calls for the double tracking of the Southern from Morristown to Knoxville, Tenn., a distance of 75 or more miles, as well as the building of a line of road from Chattanooga, Tenn., to Stephenson, Ala.

The new line which the Southern system now proposes building will cross the Tennessee river at Chattanooga and connect with the Memphis line at Stephenson running down the northwest bank of the Tennessee, instead of the southeast, which is occupied by the North Carolina and St. Louis tracks.

This will give the Southern road a line of their own through the narrowest and most troublesome of the mountain passes around Chattanooga. It is said that a contract will soon be let for double tracking the Southern from Knoxville to Chattanooga.

SAFE BLOWERS ARE ON TRIAL.

South Carolina Authorities Demand Prisoners at Wadesboro.

By Wire to the Morning Star.

Charlotte, N. C., September 12.—A special from Wadesboro, to the Observer says:

"Fisher and O'Day charged with blowing open a safe at Heath Springs, S. C., several months ago were put on trial to-day there on a technical charge of carrying concealed weapons. Solicitor Henry, of South Carolina, was present and demanded that the men be turned over to the South Carolina authorities. Lieutenant Governor Winston refused the demand. One of the men was recently identified by a detective as being connected with the robbing of the safe at the McAden Mills at McAdenville, N. C.

FELL FROM CAPITOL DOME.

Frightful Fall of Boy for Distance of Sixty Feet.

By Wire to The Morning Star.

Columbia, S. C., September 12.—While writing his name with a piece of chalk upon the dome of the State capitol to-day, Warren Scruggs, Jr., the 15-year-old son of Warren Scruggs, of this city, fell below, being instantly killed. Young Scruggs had not finished the name when the metal ceiling upon which he was standing gave way, the chalking making a long mark as he fell. The tragedy was witness by two colored employees. Sometime ago strict orders were issued forbidding anyone going to the top of the building. An investigation will be made.

"Bud" Rogan, the Tennessee negro giant, is dead at his home in Gallatin. Rogan was eight feet nine inches tall. His hands were 12 inches in length and feet 16 1-2 inches.

WARM WIRELETS.

The Standard Oil Company yesterday advanced the price of all grades of crude oil. Pennsylvania oil was raised three cents and the other grades were advanced two cents.

Judge T. J. Simmons, chief justice of the Supreme Court of Georgia, died yesterday at him home in Atlanta. Death was the result of a complication of troubles from which Judge Simmons had been suffering for several weeks. He was about 65 years of age.

L. L. Lewis, United States district attorney for the Eastern District of Virginia, has tendered his resignation to the Department of Justice, and it has been accepted. Robert H. Talley, of Norfolk, has been appointed to the vacancy. Mr. Lewis is the present candidate on the Republican ticket for Governor of Virginia.

At Lynchburg, Va., yesterday in the United States District Court, B. I. Sherman was sentenced to one year in the Atlanta, Ga., prison on the charge of robbing the mails in the Lynchburg postoffice. Sherman pleaded guilty and threw himself on the mercy of the court. More than five hundred stolen letters were found in his house by the inspectors when it was searched after his arrest.

Record-breaking celerity was the only unusual feature of the electrocution of Henry Manzer in the death chamber of Auburn, N. Y., prison yesterday. Manzer was dead in precisely three minutes after walking to the chair. He had not emitted a murmur, nor shown any indication of fear. Manzer waylaid Cora Sweet, a child of 12 years, and according to his own confession ravished and murdered her.

Dr. Francis Delafield has been called from his Summer home in Hot Springs, Va., to treat Baron Komura, the Japanese peace plenipotentiary who has been ill for severad days. This gave color to a report that the envoy's condition is not as favorable as had been announced last evening. Dr. Delafield, it was announced late last night, is en route to New York, and is expected to visit Baron Komura today.

Isaac Schamus, of New York, a Russian Jew, 20 years old, was arrested at Oyster Bay yesterday by a secret service agent and after an examination before a justice of the peace, was sent to Minola, L. I., to be examined as to his sanity. Schamus wanted ten minutes with the President to tell him to appoint a commission of three men who should regulate the output of the coal supply so as to provide the poor with fuel at reasonable prices; even in the event of a strike.

FARMERS' NOTIONAL CONGRESS.

Twenty-Fifth Annual Session Sitting in Richmond.

By Wire to The Morning Star.

Richmond, Va., September 12.—Farmers' National Congress met in its twenty-fifth annual session here today with a large attendance representing almost every section of the United States. The body was called to order by its president, Harvey Jordan, of Monticello, and was welcomed to Virginia and Richmond by Governor Montague, Mayor McCarthy and J. C. Freeman, vice president of the Richmond Chamber of Commerce. Responses to the welcoming addresses were made on behalf of the Congress by First Vice President Bennehan Cameron, of North Carolina, and Second Vice President Joshua Strange, of Marion, Ind.

A committee on credentials was appointed and the congress adjourned until 2:30 P. M. At the afternoon session, a committee on resolutions was appointed and addresses were made by Hon. G. M. Whitaker, of Boston. First Assistant Secretary of the Congress, whose subject was "The Field and Functions of the Farmers' National Congress;" H. P. Sherman, of Greensboro, Ind., who pleaded for a system of the regulation of prices of farm products by farmers instead of by dealers and sepculators, and Eric Olsen, of Minnesota, who spoke on lines similar to those taken by Mr. Sherman. The Congress then adjourned until to-morrow morning.

Illinois so far seems to have the largest delegation in the Congress, its representatives numbering over forty.

MOB LAW IN NEW YORK.

Motorman Responsible for Accident Hiding Out for Fear.

By Wire to The Morning Star.

New York, September 11.—The motorman, Paul Kelley, for whom the police are looking in connection with the elevated railroad wreck of yesterday is still in New York and is hiding with the intention of giving himself up to the police whenever popular indignation cools enough to make such a surrender safe, is the statement which the police to-day obtained from the man with whom Kelly spent the first few hours after yesterday's accident, and to whom Kelly disclosed his intentions before his sudden disappearance yesterday. This man, Motorman George Hughes, was taken into custody by the police to-day. According to him, Kelly remained on the scene of the accident for a short time until men who were on the same car with the motorman said:

"Take off that hat and coat and get out of here quick man, for is the crowd recognizes you they will kill you."

Hughes says that Kelly has been acting on this advice ever since and really intends to surrender himself later on. Kelly told his friend that the switch signals were set for a right of way straight down the Ninth avenue track.

GOV. GLENN IN YANKEEDOM.

Cordial Reception in Boston—Speaks at Concord To-day.

By Wire to The Morning Star.

Boston, Sept. 12.—Gov. R. B. Glenn, of North Carolina, arrived in Boston to-day in a private car attached to the Federal Express. The Governor primarily will make an address at the New Hampshire State fair at Concord tomorrow, and during his brief visit he will be the guest of oGvernor McLane. Accompanying Governor Glenn is Judge Norman Kettrell, a prominent citizen of Texas, who represents the chief executive of that State on this visit. This afternoon Governor Glenn and suite were given a luncheon at the Puritan Club. Later the gubernatorial party boarded a train for the New Hampshire capital. Special exhibits including cotton, sugar cane and other products from the Southern States are to be a feature at the New Hampshire State fair this week and later at other New England State fairs.

PENDER SUPERIOR COURT.

Term of Two Weeks Now in Progress —Neilson Case.

Special Star Correspondence.

Burgaw, N. C., Sept. 12.—Pender Superior Court, Judge T. A. Council presiding, convened here yesterday and will remain in session two weeks unless the business is sooner disposed of. The criminal docket will likely be completed to-morrow afternoon and civil suits, of which there are a large number on the calendar, will then be entered upon. Solicitor Duffy is unable to be present at the term, owing to the illness of Mrs. Duffy, and, by appointment of the court, R. G. Grady, Esq., of Wilmington, and H. L. Stevens, Esq., are prosecuting for the State in the absence of the Solicitor.

Dr. A. C. Nielson, of Wilmington, upon whom a capias was served in that city Monday, citing him to appear and answer to the charge of "selling and bartering medicine in the county without license," appeared in court this morning with his attorney, Hon. Jno. D. Bellamy. He was found not guilty and was at once discharged.
